Barnard, last year's winner, in a DH4A, with 350 h.p. the putting into off ct of the intention of opening up the site Rolls-Royce \*agle Eighth.

The net flying "times are: -Courtney, two hours, 29 mins, 12 Conference, as they off cildences secs; Carter, 2.32.16; Cobham 2.35.11. Captain Cockerell retired at China, will be deferred until such Birmingham and F.B. Raynham retired at Leeds, his machine being time as an effective dishardment damazed.

### HOME COUNTY CRICKET MATCHES.

Remarkable Defeat of Lancashire.

London, July 13. Hampshire at Brighton beat Suggex by five wickets. For Hants Mead in the first junings compiled 147, and Newman took 7 for 59 and 6 for 79

Essex b at Languehire at Manchester on the first innings. For Essex, Perrin in the first innings scored 102, not out, and Russell 51 "The Lancastrian, Makepeace, in the second innings knocked up 105 Warwick at Birmingham beat Somerset by 140. For Warwick. Stephens compiled 70 and 63:

### BRITAIN'S REPLY TO GERMANY

Forecast of the Terms,

It is understood that the reply to Germany, which British experts are drafting, will include a proposal for the establishment of an international commission to determine Germany's reparation capa city. It will possibly refer to the question of ending passive resistacceding the Ruhr, thus meeting the visus of M. Poincare, who, according to Paris advices, will refuse to associate himself with the ment or the Chinese Customs whom much sympathy is felt. His was nowhere to be seen after the reply unless this resistance be condemned.

### FRENCH ENTER BARMEN AND ELBERFELD

Duesseldorf, July 13.

A large force of French troops of all arms this morning entered Parmen and occupied the public buildings and railway stations, but withdrew after effecting several arrests as a demonstration, as result of the arrest of a group of French soldiers and customs officials on July 11th by security police south west of Barmen, which be undesirable. It would be very was only one of a series of similar incidents on the part of the se urity police. Berlin, July, 13.

The French have occupied Elberfeld.

PLAN TO ERADICATE LEPROSY.

London, July 13. Lord Chelineford presided at an influentially attended meeting without delay and suggests that Knomintang Party, owing to the July 30th. ### BASEBALL.

### Canton v. Hongkong.

At Happy Valley, this evening at five o'clock, the strong nine which represents Shameen will be the opponents of the Hongkong nine in this year's annual engagament. The two most interesting affairs staged at Happy Valley, during the baseball season of 1922, were the hard fought battles between Canton and the local boys. This year's encounter promises to be a worthy exhibition and a real fast game is expected. "Liggett" Heindricks, who worked against the big leaguers with the Hongkong boys in December of last year, may appear on the mound for Shameen. If his arm is not in condition, it is expected that "Lafayette" Bonno will do the slab work for the invaders. Bonno, while a newcomer on Hongkong fields, is well known to local baseball "fans" who have followed collegiate baseball in the States. During the spring of 1922, as a member of the champion Lafayette nine, he earned the reputation of being, one of the fastest infielders off the big league circuits. Another member of the Canton team, whose work will, be watched with interest, will be Hodgkins, who were the Hongkong uniform during the season of 1922. He will cover the initial sack for

Several changes are expected in the line-up of the locals to-morrow afternoon. Church will probably return to the keystone berth, while Dome fills in at his last year's position, short stop. Dome has been playing a fine game of ball since his return from Japan and his return to the short field will round out a strong in-field for Hongkong. Ryan, whose work was a little shaky last week, has laid in a fresh stock of gum and promises to return to early senson form, in this game against his former team-mates. Finan will be in the right field for Hongkong and is expected to put up a commendable game in

field and at bat. A number of Canton residents have planned to make the trip to Hongkong with members of their baseball team and it is expected that some real "Yankee" rooting will be one of the features of this annual classic. The U.S. S. Helena is in port at present and a large delegation of American "gobs" will probably adorn the sidelines. As the Helena has been stationed at Canton during the past few months during which time their baseball team has combatted Shameen, it is expected that they will pull strong for a

Canton win. The field is in splendid condition, and the stand practically completed.

Dr. Urquhart will handle the indicator and Frank Seidle will "call 'em" on the bases.-Contributed.

WHAT TO DO FOR YOUR PILES.

Every sufferer from Piles knows from experience that condination aggravates the complant. This pain and discemfort can be overcome by keeping the bowels free and regular by the occasional use of Pinketter, which g ntly ensure daily regularity, thus giving the Piles a fair up. portunity to dry upand heal. They dispel constipation, bilious attacks, sick headaches, clear the skin, purify the breath. things about broadcasting and thereby reduced. the public likes and dislikes. They know more about advertising than they did, and they are starting to fully appreciate the meaning of standards and general co-operation among themselves. To this end a Radio Apparatus Section has been formed in the Associated Manufacturers of Electrical Supplies. and we also have a National Radio Chamber of Commerce.

"The patent at gle of the radio industry is still somewhat involved. One bg patent pool has been eff-sted, but there are still many infringements that have not been worked out. This pooling of rights formed a good step forward and prevented the precipitation of a cluster of legal battles similar to these the electrical industry experienced years ago.

"There are still many loga wrinkles to be ironed out in the case of smaller corporations infringing upon the patent lights claimed to be owned by others. In fact, there is an independent group drawing tegether for the purpose of protection along this line. In the tilephone field we still have some very powerful independent manufacturers who have been able to will come to pass in radio.

Musical programmes, news, "We can look forward to the tiser, may become a commonplace standpoint of broadcasting but

Hongkong, 1st June, 1928.

### UNION CHURCH.

### The Proposed Kowloon Church.

The possibility of beginning work in temporary: premises on the Kowloon side has been several times suggested in discussion,

generous gift at our immediate in China. disposal so as to facilitate the

A special meeting of seatholders was held on May 6th, at which Mr. Maconachie briefly explained the position, and resolutions were unanimously adopted authorising the Committee of Management to proceed on the lines suggested and to take steps to engage a minister for the work.

the Committee of Management, in consultation with the Minister, has communicated with the authorities of the English Congregational Union and of the Presbyterian Church of England asking that a suitable minister be suggested to us with the least delay. This is a highly important step and it becomes us all to pray that it may lead to a happy conclusion. There is a scarcity of ministers and candidates for the office in the home countries at present, but we trust our important claim for the needs of this Colony may still be met.

### Retirement of Mr. E. J. Chapman.

News has reached the Colony that Mr. E. J. Chapman who went Tokio, July 13 .- An eight milhome on long leave a few weeks lion Yen loan covering the arrears ago does not propose to return- of interest on: the former Man-We shall all unite in wishing for churian-Mongolian-Shantung Railhim and his family a time of well- ways loan, has been arranged bebut it is a cause of great regret the Industrial Bank, of Japan, come person or persons unknown that his fifteen years' service as and the banks of Chosen and with no rider. organist has ended.

Mr. Chapman was an enthusiast received here.—Reuter. in his work; there was a touch of distinction in his handling of the noble instrument for whose planning, erection and careful supervision Union Church is deeply indebted to him, and which will always commemorate his zeal. In ! other ways also be shewed himself a wise friend and helper of the Church, who will be greatly missed and affectionately remem-

### Choir and Organ.

The Choir has lost perhaps its oldest member, and certainly one of the most faithful, through the retirement of Mrs. McCubbin. Mr. and Mrs. McCubbin have long been tried and sure friends of Union Church, and they take with them the love and good wishes of us all for their future. Providence has been kind in sending! us, just as Mr. Chapman was leaving, so efficient and zealous a successor as Mr. S. Collett. Mr. Collett, ably seconded by his good wife, has been able to increase the numbers and attendances of the Choir, and it is greatly to be hoped the support he has met with will not fall away.

### ANTI-JAPANESE BOYCOTT.

### Conference to Consider Combatative Measures.

Shanghal; July 13.—The confer ence of the Japanese Chambers, o' Commerce in China on conditions resulting from the anti-Japanese boycott, was continued to-day. The day was occupied in the hearing of reports from further delegates. including those from Japan. The conference goes into private session to-morrow, when means of combat ting anti-Japanese movements will be discussed .- Reuter.

### A Mass Meeting at Tokio.

Tokio July 13.-A mass meeting is to be held here on the 15th under the auspices of four associations ntorested in China to discuss the anti-Japanese boycott movement in China. - Reuter.

### MURDERED AMAH.

### The Jury's Verdict.

NA verder or willist morder some person or precous upknown was returned by the jury at the conclusion of the enquiry into the death of a Chinese Wash amab at the Magistracy yesterday afternoon. The deceased woman was employed by Mr. C. D. Lambert, Lacomotive Engineer of the Kowloon. Canton Railway, and was found dead in bed in the servante quarters of Mr. Lumbert's re-

Evidence given yesterday showed that the cook discuvered the crime at 7 o'clock on the morning of the 13th June. He reported it to that other servants and between them it was decided not to notify their master until the latter got up from

In the course of the summing up the Coroner (Mr. J. R. Wood) said t was clear that the woman did not inke ber own life and that some one had killed ber. It seemed likely that the back window of the woman's roum was not completely shut and that some one had obtained admission through it. After getting in this person presumably found the woman on her bed. The marks on her chest suggested that he might. have knelt upon her. A gag was used and there was evidence of a struggle. The Coroner suggested that the intruder might have intended merely to overpower and silence the deceased and then get away with what he could. In yagging her, however, he forced her tongue back, probably without knowing what he was doing. There was nothing very much to show the identity of the intruder. The people who had to clear themselves in the matter were those living in the same house as the unfortunate woman. The Coroner considered the behaviour of the other servants in the house on the morning after the crime was very curious. They did not inform their master until about an hour after the discovery of the crime. However, in view of the evidence he suggested the jury should bring in being and prosperity in England, tween the Peking Government and a verdict of wilful murder against

> A verdict to that effect was accordingly recorded.

### ARROL-JOHNSTON and CALLOWAY CARS.

.The prices of these cars in Hongkong will be the local equivalent of the listed prices ruling in UREAT BRITAIN.

We have made arrangements with the Arrol-Johnston Company, whereby a visitor to Great Britain from the Far East will be enabled to purchase at list prices an Arrol-Johnston or a Galloway Car for his use in the Homeland, and on his return to the Far East to have the car sent to the factory to be overhauled and suitably geared for the Colony of Hongkong. In addition, the car would be packed, insured, and shipped to us for delivery in Hongkong, free of all charge to the owner.

Further particulars can be obtained from our Garage Showroom in Pedder Street. ..

### You Will See

### Better teeth-safer teeth-in a week

The prettier teeth you see everywhere now probably came in this

The owners accepted this new method. They found a way to combat film on teeth. Now, as long 'as they live, they may enjoy whiter, cleaner, saler teetli.

The same way is open to you, and your dentist will urge you to take it.

### The war on film

Dentists, the world over, have declared a war on film. That is the cause of diagy teeth-the cause of most tooth troubles.

A viscour film clings to the teeth, gets between the teeth and stays. Old brushing methods left much of it intact. Then it formed the basis of thin cloudy coats, including tartay, wost people's teeth lost luster in that way.

Film also holds food substance which ferments and forms acid. It holes the said in contact with the teeth to cause decay. Germs breed by milesca in ir. They, with tertar, are the chief cause of pyorrhea. Very few people have escaped these troubles caused by film.

### Ways to combat it

Dental science, after long re-search, has found two ways to combat that film. Able authorities have amply proved their efficiency."

So leading dentists the world over now advise their daily use.

A new-type tooth paste has been created, avoiding old mistakes. The name is Pepsodent, It does what modern science seeks. These two great film combatants are embodied in it.

### Aids nature's fight

Pepsodent also multiplies Na-ture's great tooth-protect as agents in the mouth. One is the starch digestant in saliva. This is there to digest starch deposits which ching to teeth. In ferment-

ing they form ac d. It also multiplies the alkalinity of saliva. That is there to neutralize mouth acids, the cause of tooth

Thus Pepsodent gives to both these factors a manifold effect

### Show them the way

Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear. One week will convince you that Pepsodent brings a new era in tooth protection. Their show the results to your children. Teach them this way. Modern dentisting advise that children use Pepsoden: from the time the first tooth ap-

This is important to you and

## The New-Day Dentifrice

A scientific film combatant, which whitens, cleans and protects the teeth without the use of harmful grit. Now advised by leading dentists the world over. For sale in two sizes by all druggists.

### CONTROL OF MONTE CARLO.

Position Assumed by Sir Basil Zaharoff.

The French newspapers recently called attention to the fact that as a result of the last general meeting of shareholders of the Societe des Bains de Mer de Monaco the control of the institution known as Monte Carlo: has passed into the hands of Sir Basil Zaharoff.

The so-called mystery man of Europe has for a long time been a very large shareholder in the company and has been in a position at any time he thought fit to take over control. The recent resignation of Mr. Cumille Blanc, who has for so many years tilled the posts of managing director and president of the Board of Directors of the Company, is stated to have been directly due to Sir Busil Zubaroff's decision to assume control. M. Blanc, it is stated, hae retired ostensibly on the ground of ill-health, with a pension of 150,000 francs a year. One of the reasons given for Zabaroff's action is that he was not satisfied with the large increase in the cost of carrying on the undertaking.

The total expenditure during the last financial year, amounted to 52,622,000 francs compared with 35,756,000 francs three years before. Raoul Gouzhourg's contract as musical director has been renewed by the Prince of Monaco for another ten years.

> THE METHODICAL. CUCKOO.

During 1922 (says Mr. Geo. J.

Scholey in Natureland several new facts revealed the cuckoo in a most unfavourable light, pursung her evil woys with a deliber rate and ruthless cunning hitherto unsuspected. One bird on April 26, a few days following her arrival, deliberately destroyed sets of incubated Wagtails eggs and young hirds which were too far advanced for her purpose, causing the fosterers to rebuild nests in which she could deposit her own eggs at the right time! To prove her deliberate intention to cause the Wagtail to forsake its nest, in one instance being unable to get to a clutch of incubated eggs (so restricted was the entrance hole), she remained outside and frustrated all endeavous of the Wagtail to enter. The eggs became chilled and the Wagtail deserted : a new nest was immediately built and received the egg of the cuckoo a week after the descriion of the first. This was typical of her behaviour throughout the seaso, and I had suspected it for several years pa t with other cuckoos. It was also found that where two nests of her fosterer were in the same condition—say each containing four eggs—she would remove an early egy from the nest intended to be last used. This shows remarkable instinct in influencing the fosterer to lay a further egg and so g.ve her the nest on squal terms of incubation.

### CLINICAL INDICATIONS

PRINCIPAL THERAPEUTIC INDICA-TIONS.—The following diseases may be cured by the treatment of Vittel :-

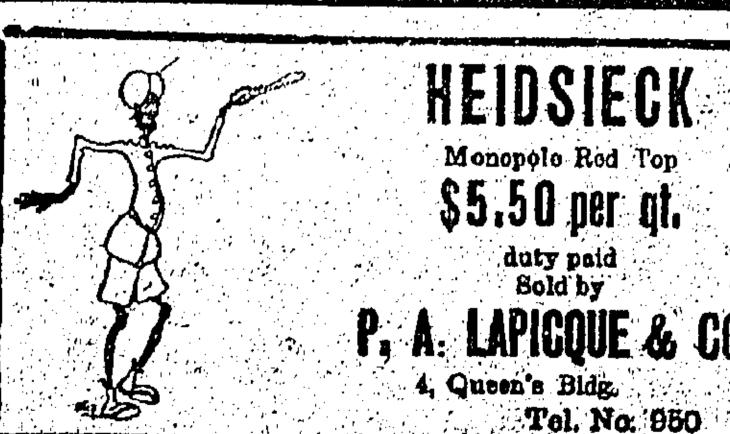

1. Gout.—All gonly subjects especially of the florid type and the the torpid type with more or less prolonged attacks benefit by the cure. Besides the regular forms of gout, the treatment is prescribed for all"its articular and other manifestations. Hepato-biliary disorders, congestion of the liver, migraine, neuralgia, phlebitis and periphlebitis, tronchiel, pharyngeal and ocular manifestations, and cases of gout with manifestations of early sclerosis hypertension and gouty albuminuria.

2. Renal, urinary, oxalic and phosphatic gravel.—The water acts by facilitating the movement of the gravel and by preventing its reproduction through local and general action. The cure is also prescribed with advantage in cases of gout with renal colic or attacks of lumbago.

### PLANE FACTORY SHUTS DOWN.

Tokyo, June 2 .- The Fakunage airnlane factory at the month of the Tenryu river in Shinick's prefecture was closed down yesteriay morning. Business depression and the discontinuance of Government subsidies are given as the reason.

The airplane factory was established two years ago with a capital of Y500,00), for the purposs of building planes for the aviation bureau. R cently an extension of the plant was carried out in order to fill orders from the War Office, but the financial condition of the factory caused the directors to cancel the orders.

First Church of Christ, Scientist, McDonnell Road, below Bowen Japan via Nagariki .... Road Tr m Station - Sunday,

THE AIR MINISTRY'S OFFER. The Air Minjarry announcet that with a view to encouraging the entry by British aircraft constructors of British raning afrerafs in international air races the Air Council have undertaken in this and future years, until further notice, to purchase for a sum not exceeding £3,000 in each case the winning aircraft (without engine) in both the Aerial Derby and the Schneider Cup races, provided that the niroraft is, in each case. British designed, built, and owned, and is not of a type which has previously won either race.

### BEER FAMOUS CANADIAN

B.C. (LON BRAND)

There once was a golfer named Bibg, Who said "Lion Beer is the thing. "If you're off your long game "Take a pint of the same.

"You'll do seventy-three at Fan Ling,"
